Capstone Project – Neighborhood for Restaurants

Introduction:
A chef wants to open his own restaurant in the city of San Francisco. Indian cuisine is his forte. He wants to find a neighborhood with restaurants around indicating there is customer volume. The chef also wants to make sure there are not many Indian restaurants in the area around. So that, there might be interest for a new cuisine.

The aim of this project is to help the chef find his ideal location for a new Indian restaurant based on restaurant volume, type of restaurants etc.
